Subject: revisions on CH2O uncertainty sections
Attachments: Formaldehyde_Cancer_DR_Section 2_090215-jjrev2.docx

hi, Barbara and Andrew. well, i didn't finish this week, but i'm close. i'm down to section 2.5, page 71 of what will end up being 73 pages. it's all taking much longer than i expected, and i already expected it to take longer than i expected... but i should be done by tues or wed next week. meanwhile, since i'm so close, i'm sending you the draft i currently have, in case i get hit by a bus or the million-man march over the weekend. i've annotated section 2.5 with a bunch of notes-to-self on what remains to be done. have a good long weekend! jj
